Today's Market Reports

BIG NEWS FAILS TO STARTLE THE MARKET

New York, June 8.—The market closed steady. Outside news had little influence on values today, although there were important developments which the street had long been awaiting. The supreme court decision in the Shreveport rate case favoring the railroads, and the bullish government crop figures failed to stir the market. Realizing and short selling forced back prices all around toward the end. Rounding re-

uted a point.

The more important stocks closed as follows:

Amalgamated	11%
Sugar	109%
Atchison	95%
Reading	145%
Southern Pacific	93%

Chicago Grain

Chicago, June 8.—Prospects that the government crop report this afternoon would be bearish tended today to pull down the price of wheat. The market, which opened 1-1/2 off to 1-1/2 up, gradually underwent a material setback all around. The class was easy at 1-1/2 to 1-1/2 per cent decline.

Corn rose as a result of consignments, being lighter than had been generally expected. Prices start dustered to 1-1/2 higher and seemed disposed to hold to the top side of the range. The new was easy at 1-1/2 to 1-1/2 per cent decline.

Shorts covered oats. The incentive was a commission house demand which seemed to be in course of development.

Provisions showed a little firmness in sympathy with corn. Trade, however, lacked volume.
